

## Howard of Effingham School

**Are you interested in gaining experience of Secondary School life prior to applying for teacher training?**

**If so we would like to hear from you.**

Howard of Effingham School, together with our partner school Thomas Knyvett College, have become strategic partners within the **i2i Partnership** of schools across Surrey and Hampshire, and the University of Chichester, to deliver a premier PGCE teacher training programme. Our aim is simple. We aim to ensure the best new teachers become the next generation of outstanding teachers of our own students, in our own school.

If you are interested in gaining school experience by visiting our school and spending some time observing lessons and talking to subject specialists in Mathematics, Science, Modern Foreign Languages or Design Technology, please visit:
